The district pays tribute to Jay the gospel mission workers with the Cooke, who financed the government during the Civil War, in selecting the name "Ogontz" for the ship. The name is that of the Cooke estate and is "You." he said, addressing the 200 of Indian origin, and means "the pick-delegates to the convention, "are the Mr. Cooke's memory after the ship has

Plumbing Arrangement

This shift, it was explained by Chief Davis, of the Bureau of Water, yester day, should not result in any damage to surface pipes or interior plumbing. Providing these appliances are in good condition. Residents of the districts aftered are advised to be prepared and keep a close watch on the plumbing. Should there be any breaks, the water should be cut off in the cellar and a plumber called immediately to make repairs.

Alumni were admitted at 9 o'clock, at 763 South Fifty-sixth street, were different on the safe arrival of the safe arrival of the seplane. They had spent anxious hours during the time that the plane and its venturesome crew were reported missing.

Chamber of Commerce Asks Director General to Increase Philadelphia Sailings

Taking their protest against alleged discrimination toward the port of Philadelphia directly to the highest authority the Philadelphia Chamber of Commerce has sent a letter to Walker

In closing the letter attention is directed to the 'announcement' being mailed to shippers in Philadelphia in the name of the United States railroad administration and signed by E. R. Richardson, assistant to the federal manager, in which are advertised semiweekly sailings between Boston and Savannah and between New York and Savannah for both freight and passenger business via the Savannah line. The letter then asks:

"Why should not the administration also announce sailings from Philadel-

The letter calls attention, first, to the fact that the railroad administration is operating water transportation lines Welcome Committee Interviews owned by the railroads and has turned back to private ownership other water transportation lines which find it impossible, because of the government guarantee of earnings to the lines over, which retains control, to operate and meet he overhead costs, Attention is drawn Field Artillery. to the fact that none of the water transof Philadelphia.
